A MESSAGE FROM DEBS

The decision came as expected. A capitalist class that reads only capitalist doctrine, in its hatred of the working class, has decided against the question at stake.

The victory of the proletariat in the lower court was upheld by the constitutionality of the Espionage law, the real issue, was not decided.

But what matter, after all! Great issues are not decided by the courts. They are decided by the people.

As for myself, my position is unshakable. I will continue to fight for the rights of the working class until the end of my days.

DISCONTENT IN ARMY OF OCCUPATION

VOLUNTEERS TO REPLACE DISAFFECTED UNITS

WASHINGTON (New York Call Correspondence)—Three and a half divisions in the American army of occupation, which have developed nearly to the verge of open mutiny, is responsible for the appointment of a call for a volunteer army for European service.

The report is based on a foundation in reports that this army will be incorporated in an interallied force to check the spread of Bolshevism in Hungary, Russia and elsewhere. Such rumors have been officially denied by Gen. Peyton C. March, Chief of Staff, and it is known that President Wilson has flatly opposed efforts by French diplomats to gain his support to a policy of military aggression against the revolutionists of Eastern Europe.

Discontent in the army of occupation has been increasing since the armistice. In the army of occupation has been increasing since the armistice. In the army of occupation has been increasing since the armistice.

It is understood, on good authority, that the line of mere complicity, as the French line is called, has been maintained in several cases by individuals but on the part of the army as a whole, the line has been consistently increasing. The army of occupation has been consistently increasing.

The possibility of all German soldiers, this is the substance of a present program which has been announced by the American War Department.

The way to meet the situation has been decided to replace the disaffected units with men who are known to be patriotic.

For this reason every effort is being made to form a force of volunteers without delay, special recruiting centers have been established at the mobilization camps for that purpose.

It is estimated that 50,000 men will be sent to Europe, and that a call for another 50,000 or more will be made in the near future.

The reason the number on the first call is set higher is simply that the trend of opinion in the army and the country will tend to be conservative.

THE WORKERS' WORLD

PRACTICAL SOCIALISM

By Ross Loomberg

(Translated from the Jewish by J. Kasser)

The proletarian revolution that is taking place now in the European countries, cannot have any other end than to bring about socialism. For that purpose, the working class must be organized in a political party, the Socialist party, which will be the nucleus of the new society that we want to see.

The first duty of the workers' government is to nationalize the important parts of production, and to put them directly under the control of the workers. This is the first and basic step in the program of the workers' government.

Every socialist enterprise must be run for the benefit of the workers who work in it. The workers must have a say in the management of the enterprise.

The workers' world is a socialist world. It is a world where the workers are the masters. It is a world where the workers are the masters.

A LETTER FROM PRISON
The following letter from one of the prisoners (Leavenworth, Kansas, March 10, 1919).

Dear Jim,
I am sending this letter to you in the name of my wife as I do not know any other way to reach you. I had hoped that you would be able to get some help from my wife, but she has explained that circumstances make it difficult for her to do so. I have often spoken to you with my wife and I would like to see you and to tell you how I feel.

My purpose in writing to you is to let you know how I feel. I am a socialist and I would like to see you and to tell you how I feel. I am a socialist and I would like to see you and to tell you how I feel.

We are happy to announce that our book, "The Workers' World," has been published. It is a book that will help you to understand the workers' movement and the socialist program. It is a book that will help you to understand the workers' movement and the socialist program.

THE YELLOW INTERNATIONAL.

The National Executive Committee of the Socialist Party selected the Berne conference as the next reorganization of the old international. This is a step which is being taken by the Socialists in every party.

The Berne conference is endorsed by the reform-nationalist groups in all countries, typified by the Socialists, the Communists, the Trotskyists, Henderson, Thomas, Branting, Vanderveld, and the various parties and groups of capitalists abroad that are allied with them.

The Russian Socialist Soviet Government, the German Socialist Party, the Italian Socialist Party, and the various parties and groups of capitalists abroad that are allied with them.

As between Scheidman and Lebnknoch, between Kerenky and Lenin, between Arthur Henderson and Tom Mann, between the various parties and groups of capitalists abroad that are allied with them.
